TO OUR CUSTOMERS.

IN presenting our revised descriptive catalogue we ask for it a careful perusal and a place for future reference. We wish to thank those who have favored us with their patronage in the past and solicit a continuance of the same.

Prompt attention will be given to correspondence, and inquiries cheerfully answered. Our stock is well grown, thrifty and clean.

The suggestions given as to position, treatment, etc., are suited for Pasadena and vicinity—due allowance should be made for differing localities. It is always advisable to send orders in for nursery stock as early as possible, as those who come first are served first. We however keep a large selection of our stock in pots, boxes, etc., so that shipping and planting can be safely done at any time of the year.

In ordering please state whether substitution will be permitted, as we feel at liberty when no instructions accompany the order to replace with other sorts, if need be, as nearly similar as possible. Our packing and labeling is carefully attended to, and we charge for the same only to cover cost of material. All goods are delivered at railway or express office free of charge.

Where no route is named by which goods are to be shipped, we forward to the best of our judgment and assume no responsibility thereby, and any claims for delay or damages should be at once made on the forwarders.

Should any mistake be made in filling orders we will cheerfully rectify same if notified promptly.

Terms of Payment—Cash or satisfactory security on delivery or shipment of goods.

Orders to be sent by express C. O. D., will be filled provided one-half the amount is sent with the order.

Remittances may be made by draft, P. O. order on Pasadena, registered letter or Wells, Fargo & Co.'s money order.

Dozen and Hundred Rate.

Articles in this catalogue will be supplied in dozen lots at ten times the single price, and in hundred lots at seventy-five times the single price. This rule, however, does not apply to plants in flats.

CUT FLOWERS AND FLORAL DESIGNS A SPECIALTY.

SEE BACK COVER.

Packages by Mail and Express.

Packages of plants or seeds not exceeding four pounds weight can be sent by mail to any part of the United States at the rate of one-half cent per ounce. Packages of cut flowers or green, pay double this rate. Express companies also give special low rates on plants, averaging eight cents per pound for three to ten pound packages, to any point in the United States.

We cannot afford to fill orders of less amount than one dollar, unless, in addition to the amount wanted, ten cents is sent.

Guarantee of Genuineness.

While we exercise the utmost care to have all trees and plants sold by us prove true to name, yet mistakes will sometimes occur; in all such cases we will return the original purchase price of the trees or plants, or replace any that may prove untrue to name, upon proper proof of error, but we will not be responsible for damages in any greater amount than the original purchase price, and all stock is sold ONLY ON THESE TERMS.

Price List.

* denotes plants that require a warm sheltered position.

** denote plants that are suited only for indoor use (or summer bedding).

Palms and Cycads.

* Areca Baueri (<i>Rhopalostylis Baueri</i>), feather-leaved, handsome house plant, will stand out in very sheltered places.....	\$.50 to 1.50
** " lutescens (<i>Chrysalidocarpus lutescens</i>), light green pinnate leaves, yellow stem, a fine jardiniere plant.	.50 to 1.00
" sapida , dwarfish, feather-leaved, hardy.....	.50 to 1.50
** " Verschaffelti (<i>Hyophorbe Verschaffelti</i>), arching fronds veined white.....	1.00 up.
Brahea dulcis , hardy Mexican fan palm.....	.50
** Chamaedorea , three varieties, admirable pot plants, of graceful dwarf habit.....	.50 to 2.00
Chamaerops excelsa , "Japanese Fan" stems fibre covered, leaves compact, deeply cut, very hardy, a favorite street palm.....	.15 to 1.50
" Fortunei , similar to above, leaf stems shorter, equally hardy.....	.15 to 1.00
" humilis , compact dwarf fan-leaf palm, suckers freely, quite hardy.....	.15 to 1.50
Corypha australis (<i>Livistonia australis</i>), dark green, circular leaves, leaf stems spiny, a fine house palm, hardy outside in sheltered localities.....	.15 to 2.50
** Caryota urens , "Fish-tail Palm," a handsome and distinct house palm.....	.50 to 2.00
Cocos australis , fronds feathery, bluish, recurving, can be highly recommended for extended use, being perfectly hardy and exceedingly handsome.....	.15 to 5.00
" campestris , similar to above, equally hardy, dwarfish.....	1.00
* " plumosa , trunk slender and smooth, upright habit, pinnae feathery and drooping, hardy here, sure to become popular.....	.50 to 3.50

* Cocos Romanzoffiana , similar to preceeding, more erect in habit, equally hardy15 to 1.00
** Weddelliana , the most dainty and graceful of all small palms, a much prized house plant50 to 1.00
" Yatai , similar to <i>Cocos australis</i>15 to 5.00
Cycas circinalis , round woody stem, crown of long, gracefully-arching leaves, very rare and beautiful. 2.50 up.	
" revoluta , the so-called "Sago-Palm," well known, leaves shorter and sturdier than the preceeding, pinnae closer, excellent either for indoor or outdoor use	1.00 up.
Erythea armata (<i>Brahea Roezli</i>), "Blue Fan Palm," glaucous leaves, very distinct and hardy15 to 3.00
" edulis (<i>Brahea edulis</i>), "Guadalupe Island Fan Palm"15 to 2.00
** Kentia Canterburyana (<i>Hedesepe Canterburyana</i>), a rare and beautiful house palm50 to 2.50
** Forsteriana (<i>Howea Forsteriana</i>), the most popular of all house palms, shining green, feather leaves50 to 2.50
** Belmoreana (<i>Howea Belmoreana</i>), dark green, curly leaves, very elegant and durable house plant50 to 2.50
Jubaea spectabilis , "Coquito Palm," of Chile, large feather-leaved palm, quite hardy, desirable50 to 5.00
* Latania Borbonica (<i>Livistonia Sinensis</i>), "Chinese Fan Palm," deservedly popular house palm, large, shining, gracefully recurving leaves, needs shade if planted out15 to 2.50
** Livistonia rotundifolia , one of the prettiest palms for table use, foliage recurved, compact habit15 to 2.50
** Oreodoxia regia , "Royal Palm," at home in Cuba and Hawaii, here a slender graceful house plant, with pinnate leaves25 to 1.50
Phoenix Canariensis , the most popular date palm for ornament, hardy, quick grower, of easy culture; also a very durable house plant15 to 5.00
" cycadifolia , very graceful, leaves close together50 to 2.00
" dactylifera , the "Date Palm of Commerce," hardy, leaves glaucous, gains beauty with age15 to 2.50
" farinifera , growth compact, shining, dark green leaves25 to 2.00
" leonensis (or <i>spinosa</i>), with sharp-pointed pinnae, large, quick growing, a beautiful variety25 to 2.00

Phoenix reclinata , slender trunk, orange-colored leaf stalks, a splendid avenue palm, suited also for indoor use.....	.15 to .50 ⁸
* " rupicola , a graceful house palm, dwarf habit, hardy in sheltered places, when of some age.....	.50 to 2.50 ⁹
" sylvestris , resembles <i>P. dactylifera</i> , but more open and spreading in habit, quick grower.....	.15 to 1.50 ⁸
" Zeylanica , very dwarf, perfectly hardy.....	
** Pritchardia Martii , "Hawaiian Fan Palm," a handsome house plant of compact upright habit.....	.15 to 1.50 ⁸
** " Gaudichaudi , a more dwarf variety; also more rare, extremely handsome as a pot plant.....	1.00 to 5.00 ⁸
** " pacifica , a magnificent fan palm from Fiji islands, leaves light green, large and drooping.....	.50 to 2.50 ⁸
* Ptychosperma Alexandrae (<i>Archontophoenix Alex.</i>), smooth trunk, large spreading feather leaves, a showy pot plant, hardy when of some age.....	.15 to 1.50 ³
Rhapidophyllum hystrix , resembling <i>Chamaerops Excelsa</i> , short trunk, beset with black bristles.....	.50 to 3.50 ⁹
* Rhapis flabelliformis , "Walking-Cane Palm," dwarf, grows in clumps, slender fibre covered stems, umbrella-like fan leaves.....	.50 to 5.00 ⁹
Sabal palmetto , "Cabbage Palm," of Florida, a sturdy and distinct fan-leaved palm.....	.15 to 1.50 ⁸
* Seaforthia elegans (<i>Archontophoenix Cunninghamii</i>), feather-leaved, tall and graceful, stems smooth and shaft-like, makes a fine pot plant, is hardy when of some age.....	.25 to 2.50 ³
Thrinax argentea , a Florida fan palm, with slender stem and graceful leaves.....	.15 to 1.00 ⁸
Washingtonia filifera (<i>Brahea filamentosa</i>), the well-known California fan palm, quick growing and hardy.....	.10 to 5.00 ⁸
" robusta , a great improvement on the preceeding, less fibre, leaves brighter green and more recurved with shorter stems, trunk more slender.....	.15 to 2.50 ⁹
" Sonorae , recently discovered, said to be distinct from the above.....	.50 to 1.50 ⁹

Decorative Plants.

**Alocasia , large caladium-like foliage, good for tropical effect in conservatory or house.....	.25 to 1.50
*Ananassa sativa , the well-known pine apple plant, decorative and durable.....	.25 to .50
*Anthericum vittatum variegatum , leaves recurved, striped green and white, fine basket or pot plant....	.15 to .50
Aralia papyrifera (<i>Fatsia papyrifera</i>), "Chinese Rice-paper Plant," magnificent leaves, spikes of downy white inflorescence, hardy, tall-growing.....	.25 to 1.00
* " Sieboldi , palmate, glossy foliage, umbels of small white flowers, a fine lawn or pot plant.....	.15 to 1.00
* " Sieboldi variegata , similar to above, leaves marked with white50 up.
Asparagus sprengeri , a very desirable house plant either as a pot plant or for hanging basket; does well either in the house or garden.....	.15 to 2.50
Asparagus decumbens , a new introduction.....	.25 to 1.00
" plumosus , with large flat fern-like leaves, of climbing habit.....	.25 to 1.50
" plumosus nanus , a great favorite, especially as an indoor plant; like the preceeding, but more dwarf and dense in habit.....	.25 to 1.50
" tenuissimus , tall-growing, lace-like, much used in floral work.15 to 1.00
Aspidistra lurida , useful and durable as a house plant...	.50
" lurida variegata , foliage striped with white.....	.50 to 1.00
Aucuba Japonica , glossy green leaves, spotted with yellow.....	.25 to .50
" picta , another form, leaves blotched with yellow..	.25 to .50
Bamboo , a number of varieties, well suited for landscape effects, as a general thing they do best in moist places.....	.25 to 2.00
*Begonia , specified under head of flowering plants.....	.10 to 1.00
Caladium esculentum (<i>Colocasia antiquorum</i>), "Elephant's ear," making large, effective clumps, suited for moist places.....	.15 to .50
" fancy-leaved varieties , showy house plants.....	.25 to 1.50
Cardamon Plant (<i>Ammomum Cardamomum</i>), a small dracaena-like plant, with aromatic leaves and seeds	.25 to .50

Carex Japonica variegata , narrow, drooping leaves, striped with white, excellent for small baskets15 to .25
*Cineraria plantanifolia , large broad leaves, flowers yellow, of tall spreading growth and tropical appearance25 to .75
Cocoloba , with flat jointed stems of shining green, few true leaves, good for seaside planting15 to .35
**Coleus , foliage of the most vivid and varied coloring, of easy culture, suited for house use, or for summer bedding10 to .25
**Croton , splendid pot plants, foliage very diverse in shape and variegation, best suited for conservatories50 to 1.00
Cyperus alternifolius , so-called "Umbrella Grass," good for jardinières, aquariums, and for moist places out of doors10 to .25
" alternifolius variegatus , leaves striped with white25 to 1.00
Cyperus distans , new and distinct25
" gracilis , upright habit, smaller and narrower leaflets than <i>alternifolius</i>10 to .25
Dracaena australis , (<i>Cordylina</i>), well known, upright tree-lily broad drooping leaves, suited for lawns, makes also a good house plant15 to 2.00
" indivisa (<i>Cordylina</i>), similar to above, narrower leaves, very hardy10 to 1.50
* " Draco , "Dragon Tree," excellent for piazzas or halls, hardy in sheltered places outside, attains great age50 to 2.50
** " fragens , broad foliage, a fine house plant75 to 1.00
" Veitchii , slender stems, short, narrow drooping leaves, a good house plant, need shelter outside15 to .50
Dracaena Cooki , (<i>Cordylina</i>), new25 to .75
" indivisa lineata , long narrow leaves25 to .50
" mazeli , good25 to .50
" Veitchii rubra , same as <i>Veitchii</i> except, young leaves are red15 to .35
Farfugium grande , large rounded leaves, dark green, spotted or marbled gold or white, for house use, or shady corners outside25 to .50
Ginger (<i>Zingiber</i>), tall, tropical looking, grows in clumps25 to .75
" Hawaiian , glossy leathery leaves, flowers white and red, waxy and globular, in grape-like clusters50
Hanging baskets filled always on hand, or filled to order75 to 2.50

**Isolepis gracilis , grass-like, bunchy, fine for rockeries and for baskets.....		.10 to .25
Mahernia odorata , low and spreading, finely cut foliage, flowers small bright yellow, fragrant, hanging, good for baskets or beds.....		.10
*Musa Ensete , Abyssinian banana, red midrib, single trunk, immense leaves, rapid grower.....		.15 to .75
“ fruiting varieties, grow in clumps.....		.15 to .75
**Ophiopogon , foliage long and narrow, variegated white or yellow.....		.25 or .50
**Pandanus utilis , “Screw Pine,” shining green recurved leaves, edges minutely red-spined, a fine house plant.....		.50 to 2.00
“ Veitchii , leaves beautifully striped with white, very desirable.....		.75 to 3.50
Papyrus antiquorum , “Egyptian paper plant,” long reed-like stems, tufted grassy heads, good for pond banks and moist places.....		.25 to 1.00
*Philodendron , rare aroid plants of climbing habit, immense leaves of shining green, curiously lobed and riddled.....		1.00 up
**Peperomia , handsome basket plants with variegated foliage and dainty inflorescence.....		.25 to .50
Phormium tenax , upright spear-like leaves, grows in clumps.....		.25 to 1.00
“ tenax fol. varieg. , leaves striped with white.....		.25 to 1.50
**Pilea , “Artillery plant,” fern-like house plant.....		.10 to .25
*Poinsettia Pulcherrima , “Mexican Christmas flower,” great scarlet bracts, surrounding the small flowers, lasts in bloom from December to February.....		.15 to .75
Pontederia crassipes major (<i>Eichornia speciosa</i>), “Water Hyacinth,” flowers light clear blue; for ponds or aquariums.....		.10 to .25
**Rivinia humilis , small white flowers, succeeded by dainty scarlet berries, nearly all the year.....		.10 to .25
Russellia juncea , rush-like, weeping plant, with scarlet tubular flowers.....		.10 to .35
*Sanseveria Zeylanica , “Bowstring hemp,” upright, thick leaves, dark green, mottled white.....		.25 to .50
Saxifraga sarmentosa , low growing, suitable for rockeries and baskets, leaves ornamental.....		.10

** <i>Talinum varieg.</i> , leathery, shining leaves, variegated green and white.....	.25 to .50
** <i>Tillandsias</i> , "Air Pines," bluish, recurved leaves, resembling Pine Apple plants, bright flowers.....	.25 to 1.00
<i>Yucca pendula</i> , glaucous foliage, one of the handsomest and hardiest, and other varieties, for use on piazza	.50 to 2.50

Ferns.

* <i>Adiantum Capillus-Veneris</i> , hardy Maidenhair.....	.10 to .35
**" <i>cuneatum</i> , the Maidenhair in most general use for house plant and for cutting.....	.15 to 1.00
**" <i>Farleyense</i> , the largest leaved and grandest of Maidenhairs, needs special treatment to do well....	.50 to 1.50
**" <i>gracillimum</i> , the finest and daintiest of Maidenhairs	.15 to 1.00
* " <i>Rhodophyllum</i> , called the hardy Farleyense, because of its resemblance and easier growth.....	.25 to 1.00
* <i>Alsophila</i> , Australian tree fern.....	
* <i>Aspidium bulbiferum</i> , <i>Polystichum proliferum</i> , low, spreading, handsome, good indoors or out.....	.15 to .50
* <i>Asplenium bulbiferum</i> ,, hardy and graceful, fine table plant.....	.15 to .50
* " <i>nidus avis</i> , "Bird's nest Fern".....	
<i>Blechnum Braziliense</i> , very handsome50 to 1.00
** <i>Cibotium</i> , Hawaiian tree fern.....	1.00
* <i>Cyrtomium falcatum</i> , large glossy green foliage, desirable15 to .75
* <i>Davallia</i> , "Hare's foot Fern".....	.25 to .50
* <i>Dicksonia Antartica</i> , New Zealand tree fern.....	5.00 to 12.00
<i>Lomaria Gibba</i> , small tree fern, very decorative.....	.50 to 1.00
** <i>Lycopodium</i> , "Olub Moss".....	.10 to .25
* <i>Nephrolepis exaltata</i> , "Sword Fern".....	.10 to 1.00
* " <i>compacta</i>10 to 1.00
* " <i>exaltata Bostoniensis</i> , garden hybrid15 to 1.50
* " <i>Phillipense</i>10 to 1.50
* <i>Onychium Japonicum</i> , "Carrot Fern".....	.10 to .50
** <i>Platycerium alcicorne</i> , "Stag horn Fern"....	.50
<i>Polypodium Aurea</i> , large foliage, fine house fern.....	.50 to 1.50

* Pteris , several varieties among them.....	.15 to 1.00
* " serrulata , hand-formed, finely cut.....	.15 to .50
* " tremula , large leaved, spreading, an excellent house fern, hardy outside.....	.15 to 1.00
** Selaginella Emeliana , "Moss Fern," a dainty compact house or rockery plant.....	.15 to .35
Sitolobium cicutarium , one of the finest of house ferns....	.50 to 1.50

Evergreen Trees and Shrubs.

Abelia rupestris , graceful shrub, glossy foliage, white trumpet-shaped flowers in great profusion.....	.15 to .25
Abutilon , free blooming shrubs, known as "flowering maples," varieties as follows.....	.10 to .25
Boule de neige , white flowers.....	
Eclipse , foliage beautifully variegated.....	
Golden Fleece , yellow flowers.....	
Rose Queen , dwarf and compact, flowers rose.....	
Souvenir de Bonn , foliage bordered white, flowers orange crimson.....	
splendens , dwarf, flowers deep red..	
Thompsoni fl. pl. , double flowers, orange, with foliage variegated yellow.....	
vexillarium fol. var. , trailing habit, smaller foliage, variegated yellow.....	
Acacia , a large class of trees and shrubs.....	
cultriformis , shrubs, bluish triangular leaves, small and close set around the branches, clear yellow blossoms in great abundance, very striking....	.25
decurrens , finely cut foliage, free blooming tree....	.15 to .25
floribunda , round light yellow blossoms at all seasons.....	.15 to .25
melanoxyton , dark green foliage, a handsome street tree, very quick growing.....	.15 to .25
mollissima , a most profuse bloomer, February.....	.15 to .25
pycnantha , "Golden Wattle," large deep yellow bloom.....	.15 to .25
and numerous other varieties10 up.

* Anona Cherimolia , "Cirimoya," desirable semi-tropic fruit, related to Custard Apple, hardy in favored locations here.....	.25 to .50
Araucaria Bidiwilli , a majestic symmetrical tree of pyramidal habit, with spiny, glossy dark green foliage..	1.00 up.
" Braziliensis , a somewhat similar tree, foliage less dense, lighter in shade.....	1.00 up.
" excelsa , "Norfolk Island Pine," a favorite lawn tree, branches in regular whorls.....	1.00 up.
" imbricata , Chili Pine, the true "Monkey Puzzle," slower growing than the preceding.....	.75 to 2.50
Arbor vitae , evergreen, round, low and compact.....	.10 to .50
Azaelea indica , handsome shrubs, single and double flowers, colors white to crimson, shade-loving.....	.50 to 1.50
* Bouvardia , in variety, tubular flowers, white, scarlet, etc.	.10 to .25
Box , English dwarf, good for small hedges.....	.05 to .25
" variegated05 to .35
" Japanese , light green foliage, dwarf and compact...	.05 to .25
Brachychiton acerifolia , "Australian flame tree," large, shining palmate leaves, coral red flowers, stands drouth25 to 1.50
" diversifolia , (<i>Sterculia heterophylla</i>), "Kurrajong," pyramidal habit, leaves varying in shape, flowers creamy white and red, the best street tree for Southern California.....	.15 to 1.00
" Gregoria , handsome tree with dense foliage, of light shining green.....	.50
Calceolaria , shrubby, yellow and brown purse-shaped flowers.....	.15 to .25
Callistemon , "similar to <i>Metrosideros</i>	
Camelia Japonica , well-known winoer flowering shrubs, shade-loving, various colors.....	.50 up.
Camphor Tree , one of the most desirable street trees, foliage light green, young growth bright red.....	.25 to 1.00
* Carica papaya , "Mexican Pawpaw," large, palmate leaves, edible fruit.....	.25 to 1.00
Cassia , small trees, pinnate leaves, showy yellow flowers in winter.....	.10 to .25
Casuarina Stricta (<i>She Oak</i>), fine foliage, tall tree, dense shade25 to .75

Cedrus Atlantica , pyramidal habit, short horizontal branches.....	.25 to 1.00
“ deodara , “Himalayah Cedar,” bluish foliage, drooping habit, a beautiful evergreen.....	.35 to 2.50
“ Libani , “Cedar of Lebanon,” similar to preceding, darker foliage.....	.35 to 1.00
Ceratonia siliqua , “St. John’s Bread,” or Carob Tree, a fine drouth resisting tree, with edible pods.....	.25
Cestrum aurantiacum , flowers orange yellow.....	.25
“ nocturnum , so-called “Night blooming Jasmine,” flowers greenish, fragrant at night.....	.25
Choisya ternata , shrub, with shining trifoliate leaves, flowers white and fragrant.....	.15 to .50
* Cinnamon Tree , Cinnamon of commerce, a handsome small tree, resembling the Camphor tree.....	.25 to 1.00
Coprosma Baueriana , low spreading shrub, with glossy leaves.....	.15 to 1.00
“ Baueriana variegata , habit same as above, leaves marked with clear yellow, very distinct and desirable	.25 to 1.00
Coronilla glauca , shrub with small bluish foliage, yellow pea-shaped blossoms.....	.10 to .25
“ glauca variegata , foliage white and green.....	.10 to .25
Crataegus pyracantha Lalandi , Evergreen Thorn, flowers small and white, clusters of orange-colored berries remaining on a greater part of the season.....	.25 to .50
Cryptomeria elegans , “Bronze Tree,” dense, compact tree with fine foliage, which turns bronzy red in winter.....	.15 to 1.00
“ Japanica , Japanese cedar, tall Araucaria-like tree..	.25 to .75
Cypress glauca pendula , bluish foliage, drooping habit..	.10 to .25
“ Guadalupe , bluish foliage, drouth-resisting a good street tree.....	.10 to .50
“ Italian , tall and tapering, suited for cemetery planting, and for arching over gateways, etc.....	.10 to .35
“ Monterey , the common California Cypress.....	.05 to .25
“ Lawson , fine compact, pyramidal habit, feathery drooping foliage.....	.15 to .50
Daphne odora , winter-blooming shrubs, white, fragrant flowers with dark green foliage, low and compact....	.75 to 1.50
“ odora var. , flowers pink, leaves white and green....	.75 to 1.50

Deeringia Amherstiana fol. var., shrub, with delicate green and white leaves.....	.15 to	.50
Diosma fragrans , "Breath of Heaven," heath-like shrub, foliage scented, flowers white, minute, numerous...	.15 to	.50
Daphniphyllum macropodon , compact globular habit, fine lawn tree.....	.25 to	.50
" macropodon varieg. , white and green foliage.....	.25 to	.75
Escallonia alba , spreading shrub, flowers white, profuse in terminal panicles.....	.15 to	.35
Eucalyptus amygdalina angustifolia , extremely narrow foliage, pendulous habit, one of the most ornamental.....	.15 to	.25
" citriodora , slender tree, smooth white bark, the leaves are strongly lemon-scented.....	.15 to	.25
" cornuta , spreading umbrageous tree, highly recommended for street planting.....	.10 to	.25
" corynocaylx , "Sugar Gum," handsome and a fast grower, round foliage when young.....	.10 to	.20
" ficifolia , "Scarlet-flowering Gum," a fine street or lawn tree of moderate size.....	.15 to	.50
" globulus , "Tasmanium Blue Gum," more largely planted than any other variety, the quickest grower, excellent for wood or for wind breaks.....	.05 to	.15
" rudis , a native of Western Australia, a great resister of drought, flowers creamy white, the bark does not peel off, its branches are not easily broken, even by the severest wind storms. It is very hardy and as an avenue tree it is not surpassed by any other Eucalyptus.....	.10 to	.35
" viminalis , "Manna Gum," largely planted in Antelope Valley because of its hardness.....	.05 to	.15
" several other desirable varieties.....	.15 to	.25
Euonymus pulchellus , dwarf habit, dark green box-like foliage, suitable for edging.....	.05 to	.15
" argentea var., foliage white and green.....	.15 to	.35
" aurea var., foliage yellow and green.....	.15 to	.35
" Duc d'Anjou , center of leaves golden yellow.....	.15 to	.35
" radicans , bright green foliage, compact habit.....	.10 to	.25
Fabiana imbricata , heath-like shrub, white tubular flowers in long sprays.....	.10 to	.15

**Ficus aurea , glossy leaves, compact habit, rapid growth, a native of Florida.....		.25 to 1.50
* “	Chauvieri , upright habit, broad ovate leaves, with white veins.....	.25 to 1.00
* “	elastica , Rubber tree of Commerce, large, leathery shining foliage, leaf-buds red.....	.50 to 3.00
**“	elastica varieg. , leaves handsomely variegated with yellow	1.00 to 2.50
* “	glomerata , dense shade trees, leaves with metallic lustre, small edible fruit.....	.25 to 1.50
* “	infectoria , a fine shade tree, long dark green glossy leaves.....	.25 to 1.00
* “	lineata , long lanceolate leaves.....	.25
“	macrophylla , “Moreton Bay Fig,” large spreading tree, the variety mostly planted here.....	.25 to 2.50
* “	oppositifolia , rare, slow growing.....	.25 to .50
* “	princeps , magnificent foliage, bronze and copper- colored when young.....	.50 to 1.00
* “	religiosa , Hindoo “Peepul,” leaves shining, on long slender stems.....	.50 to 1.00
“	retusa (or small leaved), dense, round-shaped tree of moderate size.....	.25 to 1.00
Genista Andreana , flowers in long bunches, yellow and crimson, new and fine25 to .50
“	Canariensis , well-known yellow Broom.....	.10 to .25
“	Florida , fine foliage, golden yellow flowers....	.15 to .35
“	Hildebrandi , large dark yellow flowers, one of the finest15 to .35
“	Spanish , nearly leafless, large yellow flowers.....	.15 to .35
Grape Fruit (or Pomelo), resembling the orange tree in leaf and fruit, having valuable tonic qualities.....		.50 to 1.00
Grevillea , Crimson flowered , shrub with downy glaucous foliage25
“	Hillii , “Staghorn leaf Grevillea,” a beautiful orna- mental tree.....	.25 to .50
“	robusta , Australian Silk Oak, fern-like foliage, orange-colored flowers, popular street tree.....	.10 to .25
“	Thelemanni , finely cut foliage, small red flowers in clusters, constant bloomer.....	.25 to .50

Habrothamnus elegans , spreading shrub, dark red pendant flowers in clusters, free blooming.....	.15 to .25
* Guava , "Pear" or "Lemon," large lemon-shaped fruit, hardy in sheltered locations.....	.15 to .35
" " Strawberry " or Red Cattley , compact, dark green shrub, fruit dark red, shape and size of crab apples, hardy.....	.10 to .35
" Yellow Cattley , similar to above in everything except color and taste of fruit, which is more highly esteemed.....	.10 to .35
Hakea acicularis , finely cut, almost spiny foliage.....	.25
" eucalyptoides , showy red flowers in round clusters	.15 to .25
" pectinata , finely cut foliage, sweet-smelling white flowers.....	.25 to .50
" repanda , narrow deep green foliage, young growth reddish, flowers minute, creamy white.....	.25
Hibiscus aurantiaca , double orange-colored flowers.....	.15 to .50
" chrysanthus , sulphur-yellow, dark center.....	.15 to .50
" Colleri , buff-yellow, crimson-scarlet base.....	.15 to .50
**" Cooperi , house plant, leaves beautifully variegated white, pink and green.....	.25 to .50
" decorus , clear scarlet, large.....	.15 to .50
" double crimson ,15 to .50
" Genl. Courtigis , light scarlet.....	.15 to .50
" grandiflora , scarlet crimson.....	.15 to .50
" miniata fl. pl. , semi-double, vermillion scarlet.....	.15 to .50
" rosa sinensis , rose red.....	.15 to .50
" schizopetalus , hanging light red flowers, petals fringed.....	.25 to .50
" sub-violaceous , semi-double, carmine, tinted violet, extra large.....	.15 to .50
" Sunset , clear yellow, immense flowers, herbaceous..	.10 to .25
Holly , English (<i>Ilex aquifolium</i>), dark shining green spiny foliage, red berries in winter.....	.50 to .75
Hymenospermum flavum , allied to <i>Pittosporum</i> , recently introduced, glossy leaves, yellow flowers, very desirable.....	.25 to .75
Jacaranda mimosaefolia , medium-sized tree, fern-like foliage, clusters of blue trumpet flowers, very desirable for lawn or sidewalk.....	.15 to .50

Juniper, Bermudiana , tall-growing fine tree.....	.15 to .50
“ Irish , pyramidal growth, moderate size.....	.15 to .50
“ Japanese , bluish foliage, habit round and compact.....	.15 to .50
“ variegated , irregular yellow variegation.....	.15 to .50
Laurel, California (<i>Umbellularia Californica</i>), lance-shaped dark green foliage, giving a very pungent bay odor when pressed, a handsome shade tree.....	.25 to .75
“ English or Cherry , large glossy bright green leaves, blue-black edible fruit, a fine lawn tree of medium size.....	.15 to .50
“ Italian (<i>Laurus nobilis</i>), the famous “Sweet Bay,” scented foliage, close upright habit.....	.25 to 1.00
“ Portugal canariensis , with narrow glossy foliage, compact growth, creamy white flowers.....	.25 to .75
Laurestinus , winter-blooming shrub, profuse white flowers in close heads, rose-colored in bud, stands drouth and cold.....	.05 to .35
Leptospermum , medium-sized shrubs, free blooming....	.25 to .50
Ligustrum Japonicum , Japanese privet. shrub or small tree with larger leaves than the others.....	.05 to .25
“ Japonicum tricolor , red, white and green foliage...	.25 to .50
“ ovalifolium , California privet, small oval leaves turning dark-colored in winter.....	.05 to .25
“ ovalifolium , varieg., white and green foliage.....	.10 to .25
“ vulgare , English privet, leaves narrower and longer than ovalifolium, apt to shed to some extent in cold weather.....	.05 to .15
Loquat (<i>Eriobotrya Japonica</i>), well-known fruit tree with large handsome foliage, fruit yellow.....	.15 to .75
Mackaya bella , shrub with glabrous leaves, large trumpet shaped flowers, lavender color, shade-loving.....	.10 to .25
Magnolia grandiflora , large glossy foliage, immense white fragrant flowers, magnificent lawn tree.....	.25 to 1.50
“ grandiflora Exoniensis , a budded variety, blooms much younger.....	.15 to 2.50
“ fuscata , “Banana shrub,” small yellowish flowers, which have an exquisite fragrance in sunshine.....	.50 to 1.00
Melaleuca , Australian Bottlebrush, hardy and stands drouth.....	.15 to .25

Metrosideros , Australian Bottlebush, hardy and stands drouth.....	.15 to .25
Myoporum , glossy light green foliage, covered with minute white dots, small trumpet-shaped whitish flowers, purple berries, a good seaside tree.....	.15 to .25
Myrtus australis (<i>Eugenia</i>), handsome shrub, resembling the common, but larger, young growth reddish, flowers white, violet-black berries.....	.15 to .25
Myrtle , common, compact dense habit, white blossoms in summertime, foliage small, glossy and scented, a choice hedge plant.....	.05 to .15
Olea fragrans , Fragrant Olive, bearing tiny white or orange colored flowers, with strong and delicate odor.....	.50 to 2.50
Oleander (<i>Nerium oleander</i>), well-known summer flowering shrubs, with white, rose or buff colored flowers freely produced.....	.15 to .35
“ varieg. , with foliage yellow and green, double pink flowers.....	.15 to .50
Orange trees , budded varieties,.....	.35 to 1.00
“ Mandarin and Tangerine , Chinese “Kid Glove Orange,” dwarf, early and heavy bearers, fruit small flattened, thin skinned, aromatic, the Tangerine has the larger and darker colored fruit.....	.75 to 1.00
“ Otaheite , dwarf tree, easily grown, blooms and bears young, fruit of ornamental value only.....	.25
“ other rare varieties of Citrus trees75 to 1.00
Osmanthus aquifolius varieg. , holly-like shrub, white and green foliage.....	.25 to .50
Parkinsonia aculeata , thorny desert tree, narrow feather leaves, bright yellow flowers, endures drouth and cold.....	.25 to .75
Pepper Tree (<i>Schinus Molle</i>), well-known, large spreading tree of weeping habit, finely cut foliage and bunches of lasting red berries, more generally planted in Southern California than any other shade tree.....	.05 to .35
“ Schinus terebinthifolius , of more symmetrical growth and heavier foliage than the preceding, worthy of extended use.....	.50 to 1.00
Persea gratissima , so-called “Alligator Pear,” quick-growing beautiful tree, bearing large, purple, edible fruits, much in demand in tropical climates.....	.50 to .75
Pine , Canary or “Blue,” (<i>Pinus Canariensis</i>), beautiful tree, with long drooping needles, young growth very blue.....	.15 to .50

“ Coulter's (<i>Pinus Coulteri</i>), quick-growing symmetrical tree, its cones are very large, and prized for collections.....		.25 to .50
“ Monterey , (<i>Pinus insignis</i>), perhaps the quickest grower among pines, extensively planted, a good wind break and street tree.....		.05 to .35
“ several other varieties.....		.25 up.
Pittosporum crassifolium , pyramidal growing; leaves glaucescent, flowers chocolate purple.....		.15 to .50
“ eugenioides , small, light green smooth leaves.....		.25
“ nigrescens , small tree, foliage wavy and light, shining green, upright habit.....		.15 to .25
“ revolutum , yellow flowers, very handsome.....		.50
“ Tobira , compact, rounded habit, leathery, dark green leaves, fragrant white flowers.....		.15 to .50
“ Tobira, varieg. , similar in habit and flower, foliage silvery white and light green, distinct.....		.15 to .50
“ undulatum , tall, dense grower, leaves glossy green with wavy margins, scented white flowers in terminal clusters, freely produced; good for high hedges		.15 to .50
Plumbago capensis , ever-blooming, can be treated as a climber, adapted for any sunny place, flowers delicate light blue, in clusters.....		.15 to .75
“ capensis, alba , similar to the preceding, flowers purest white.....		.15 to .75
Polygala Dalmaisiana , bluish foliage, purple pea-shaped flowers, constant bloomer.....		.15 to .35
Retinospora ericoides , heath-like, bluish, compact growth, handsome; several other varieties.....		.15 to .35
Romneya Coulteri , “California Tree Poppy,” large, single white flowers, yellow disk, rare and desirable.....		1.00
* Sciadopitys verticillata , “Japanese Umbrella Pine,” a beautiful hall or piazza plant, if planted outside, stands cold, but needs shelter from heat.....		.50 to 2.50
Sequoia gigantea , “California Big Tree,” conical shape, gray-green foliage, rather slow growing.....		.25 to 1.00
“ sempervirens , “California Redwood,” tapering, quicker growing.....		.25 to 1.00

Spruce, Douglas , rounded conical form, leaves light green above, glaucous below.....	.25 to 2.50
“ Norway , pyramidal form, an elegant tree, attractive from the start.....	.25 to 5.00
* Streptosolen Jamesoni , shrub similar in habit to heliotrope, yellow orange flowers in great abundance....	.15 to .25
Tecoma Smithi , garden hybrid, scarlet yellow trumpet flowers.....	.15 to .25
“ stans velutina , handsome shrub, bearing trumpet-shaped golden yellow blossoms, blooms freely.....	.15 to .35
* Thuyopsis dolobrata , “Japanese Tree of Life,” an irregular-growing conifer, with heavy, flat foliage, stands cold but requires shade.....	.15 to .50
* “ dolobrata varieg. , leaves marked with white.....	.25 to .75
“ Standishi , similar to above, with finer foliage.....	.25 to .75
Veronica Andersoni , “Arrow-wood,” handsome shrub, flowers in spikes, violet blue.....	.10 to .25
“ Andersoni, varieg. , same as above, leaves white and green.....	.10 to .25
“ Imperialis , the finest of the species, flowers amaranth10 to .25
Viburnum odoratissimum , large glossy-leaved shrub, white clustered flowers in spring, followed by bright red berries.....	.25 to .50
Yew English (<i>Taxus baccata</i>), densely-branched tree of slow growth, leaves small, dark and close set.....	.25 to .50
“ Irish (<i>Taxus hibernica</i>), upright habit, with small, dark green foliage, makes a beautiful tree.....	.50 to .75

Deciduous Trees and Shrubs.

Almond , single and double flowering.....	.25 to .50
Calycanthus floridus , “Sweet Shrub,” large, reddish brown flowers, fragrant.....	.25
Grape Myrtle (<i>Lagerstroemia Indica</i>), well-known summer-blooming tree of medium size, colors pink, crimson, purple, white.....	.15 to .50
Cydonia Japonica , Flowering Quince.....	.25
Deutzia crenata , upright-growing shrub, double white flowers, tinged red outside, in clusters.....	.25
“ gracilis , pure white, dainty flowers, completely covering the bush in spring.....	.15 to .25

Erythrina , "Coral Tree," large bunches of red flowers...	.25 to	.50
Fraxinus australis , a desirable street tree.....	.15 to	.35
Hydrangea paniculata grandiflora , panicles of pure white bloom, freely produced in spring.....	.25 to	.35
Hypericum Moserianum , large golden yellow flowers, summer bloomer..	.15 to	.35
Kerria Japonica fl. pl. , double yellow flowers.....	.25	
Laburnum , "Golden Shower," light yellow pea-shaped flowers in drooping racemes, small tree.....	.15 to	.25
Lemon Verbena (<i>Aloysia citriodora</i>), well-known shrub, with fragrant foliage.....	.10 to	.25
Lilac , shades of purple and white, deliciously scented....	.25	
Liriodendron tulipifera , "Tulip Tree," handsome shade tree with broad, peculiarly formed leaves, excellent for street use where a deciduous tree is preferred...	.25	
Mulberry , dense, spreading trees, several varieties.....	.15 to	.25

Peach , single and double flowering.....	.25 to	.50
Poinceana Gilliesii (<i>Caesalpinia</i>), "Bird of Paradise" shrub, showy flowers, yellow and red, feathery foliage.....	.15 to	.25
Prunus Pissardi , purple-leaved dwarf plum.....	.25 to	.50
Salisburia adiantifolia , "Maidenhair Tree".....	.25 to	.50
Spirea Reevesii , "Bridal Wreath," single and double...	.15 to	.35
" several other varieties.....		
Syringa or Mock Orange (<i>Philadelphus coronarius</i>), pure white, fragrant flowers.....	.25	
Tamarix , fine cypress-like foliage, minute pink flowers in long sprays.....	.25	
Thorn , flowers red, pink and white, single and double....	.25 to	.50
Umbrella Tree (<i>Melia Azedarach</i>), true Texas, well formed	.25 to	1.00
Viburnum plicatum , "Snowball".....	.25	
Weigelia rosea , fine shrub with rose-colored flowers....	.15 to	.25
" rosea, variegated, foliage white and green, dwarfish, free blooming.....	.15 to	.25

Climbing and Trailing Plants.

**Alamanda , indoor climber, large funnel-shaped yellow flowers.....	.50
Akebia quinata , leaves in fives, flowers purple, quick strong grower.....	.15
Ampelopsis Veitchii , "Boston Ivy," strong grower, clings to wood or stone, foliage red and copper-colored in fall, deciduous.....	.15
" Roylei , similar, but with larger leaves.....	.15
Antigonon leptopus , "Rosa de Montana," pink flowers in dainty, hanging spikes, freely produced in summer, deciduous.....	.15 to .25
Aristolochia elegans , curiously formed and mottled flowers, a good grower.....	.15 to .25
Asparagus , for varieties see under head of Decorative Plants.....	.15 to 1.50
Australian Pea Vine (<i>Dolichos lignosus</i>), pea-shaped purple flowers, small leaves in threes, a rapid grower...	.05 to .15
Bignonia grandiflora , extra large, orange colored, trumpet-shaped flowers in fall, deciduous.....	.15 to .50
" radicans , blood-red flowers, deciduous.....	.10 to .25
" siderifolia , strong, rampant grower, flowers cream colored, lined yellow.....	.25
" speciosa , ovate shining leaves, flowers light mauve, veined purple.....	.25
" Tweediana , clings fast to wood or stone, bright green foliage, golden yellow flowers.....	.15 to .25
" venusta , winter bloomer, orange-colored trumpet flowers, a great favorite.....	.15 to .25
" see also Tecoma	
Bougainvillea glabra , shining leaves, magenta flowers, almost everblooming.....	.25 to .50
" lateritia , brick red flowers, a recent introduction...	.35 to .75
" refulgens , rich purple mauve, newly introduced...	.35 to .75
" spectabilis , deep magenta flowers.....	.35 to .75
Campsidium filicifolium , creamy flowers in fall, leaves glossy and handsome.....	.15 to .35
" Valdivianum , narrower and darker foliage.....	.15 to .35

Clematis , garden varieties, ranging in color from pure white to deepest purple, deciduous.....	.50 to .75
* Clerodendron Balfouri , curious white and scarlet flowers a splendid vine for sheltered places or for pot culture.....	.25 to .75
Clanthus puniceus , "Parrot's Bill," shrubby growth, handsome crimson-scarlet flowers.....	.15 to .25
Cobaea scandens , fast grower, purple bell flowers, good for immediate effect.....	.10 to .20
Ficus barbata , large, leathery leaves, clings to walls, etc.	.50 to .75
" stipulata (<i>or repens</i>) "Climbing Fig," dark green, leathery foliage, attaches itself to wood, stone, etc.; small leaves on barren stems, large on those bearing fruits, ever green, the best for covering walls, etc.....	.15 to .25
Glechoma hederacea , "Ground Ivy," two varieties, plain and variegated leaves, good for baskets.....	.05 to .15
Hoya carnosa , "Wax plant," flowers in close heads, very symmetrical, fragrant and honeyed, pinkish, foliage smooth and very thick.....	.25 to .50
* " carnosa , varieg., leaves white and green.....	.25 to .50
Honeysuckle Coral , strong grower, summer bloomer, scarlet.....	.15 to .25
" pink , grows and flowers freely, desirable.....	.15 to .25
" scented , well-known, one of the best for quick growth, free blooming.....	.15 to .25
" varieg. Japanese , foliage netted green and yellow, very distinct.....	.15 to .25
Ipomoea "Heavenly Blue" , clear sky blue, white throat.	.05 to .15
" Leari , dark blue, here perennial, used for covering barns, fences, etc.....	.05 to .15
" scarlatina , a novelty, scarlet flowers in clusters....	.10 to .25
" White , "Moon Vine," somewhat tender.....	.10 to .25
Ivy, Boston , see <i>Ampelopsis</i>	
" English (<i>Hedera helix</i>), well-known, dark green foliage, clings to stone or wood, much used for covering walls, stumps and the ground.....	.10 to .25

Ivy German (<i>Senecio scandens</i>), light green foliage, yellow flowers.....	.10 to .15
Jasmine gracillimum , white, free blooming in long sprays.....	.25
“ grandiflorum , large white semi-double flowers.....	.15 to .25
“ hirsutum , small, thick leaves, bunches of fragrant white flowers.....	.25
“ ligustrifolium , shining privet-like leaves, small white star-like flowers.....	.15 to .25
“ nudiflorum , the well-known yellow Jasmine, may be treated as a shrub.....	.10 to .25
“ officinale , the well-known white Jasmine, usually loses its leaves in winter.....	.10 to .25
Lotus peliorhyncus , gray-green feathery foliage, orange-scarlet flowers, good basket plant10 to .25
Madeira vine (<i>Boussingaultia baselloides</i>), tuberous rooted, fleshy leaved, drooping bunches of small creamy white flowers in fall, deciduous.....	.05 to .15
Mandevillea suaveolens , large white bell flowers, fragrant, foliage deciduous.....	.15 to .25
Manetta Bicolor , one of the handsomest little vine, flowers scarlet tipped with yellow; constant bloomer10 to .20
Othonnia crassifolia , small cylindrical leaves, yellow flowers, trailing habit.....	.05 to .15
Passiflora edulis , flowers white and purple, large glossy curling foliage.....	.15 to .25
*“ quadrangularis , “Grenadilla” stems foursquare, large, oval leaves, showy purple flowers, edible fruit, needs a sheltered place.....	.25 to .50
“ Pfordtii , large foliage, purple flowers, hardy.....	.15 to .25
“ Pfordtii varieg. , same as above with leaves marked yellow.....	.25
“ scarlet , handsome foliage, vivid scarlet flowers.....	.15 to .25
** Panicum varieg. , trailing grass, delicate foliage, variegated green, white and red.....	.10 to .25
“ Palm grass ,.....	.25 to .75
Plumbago capensis , see under heading of Evergreen Trees and Shrubs.....	.15 to .75
Rhyncospermum (<i>Trachelospermum</i>) jasminoides , dark green leathery leaves, flowers white, turbine shaped, scented, a profuse spring bloomer.....	.20 to .35

Roses , all the leading varieties, (see special list).....	.15 to .50
Smilax (<i>Myrsiphyllum asparagoides</i>), well-known graceful vine, largely grown for use in decorating, loves shade.....	.10 to .20
Snail Vine (<i>Phaseolus caracalla</i>), curious purple and white twisted flowers, fragrant, quick growing.....	.15 to .25
Solanum jasminoides , "Potato Vine," white flowers in clusters, profuse blooming.....	.15 to .25
“ jasminoides, varieg. , similar, but having white and green foliage.....	.25
“ Seforthianum , like the two preceeding, but with blue flowers.....	.15 to .25
“ Wendlandi , lilac blue flowers in large clusters, blooms continuously during summer and autumn, apt to lose leaves in winter, very showy.....	.15 to .35
*Stephanotis floribunda , choice climber, glossy leaves, white waxy flowers, deliciously scented, hardy in sheltered places.....	.25 to .50
Tacsonia mollissima , large rosy pink hanging flowers, like passion vines, foliage five figured, edible fruit..	.15 to .25
“ Van Volxemi , bright crimson flowers, long hanging stems.....	.15 to .25
Tecoma jasminoides , glossy leaves, white trumpet-shaped flowers with crimson throats, young and constant bloomer.....	.15 to .35
“ jasminoides alba , same as above, but flowers pure white.....	.25 to .50
“ McKennai , rapid and luxuriant grower, pink trumpet-shaped flowers in large bunches.....	.15 to .35
*Thunbergia fragrans , large, pure white flowers, very fragrant.....	.15 to .50
“ Harrisi , glossy green foliage, large trumpet-shaped flowers of delicate blue.....	.25 to .50
*Tradescantia , "Wandering Jew," trailing vine, leaves plain green, or variegated yellow, or red and silver	.05 to .15
Wisteria sinensis , well-known deciduous vine, bearing hanging clusters of pale purple scented blooms.....	.10 to .25

Flowering Plants Including Bulbs.

Begonia alba , white flowers, hardy.....	.10 to .25
* “ argentea guttata , foliage covered with silver dots, flowers pinkish white.....	.15 to .50

Begonia fuchoides , small bright rose flowers.....	.10 to .25
“ Gilsoni , double flowers, pinkish white, strong grower.....	.15 to .50
**“ manicata aurea , glossy leaves, irregularly marked with yellow, very distinct.....	.25 to .75
**“ metallica , foliage lustrous, bronze green, veins red	.25 to .75
* “ Mrs. Shepherd’s hybrids, seedlings of.....	.15 to .75
**“ Rex , many fine sorts, among them Louise Closson	.15 to .75
**“ ricinifolia , castor leaf begonia, large, heavy foliage clusters of light pink blossoms25 to .50
“ rubra , flowers waxy scarlet, hardy.....	.15 to .50
* Thurstoni15 to .50
“ tuberos rooted, single and double.....	.15 to .35
“ Vernon , deep pink scarlet, white flowers, bronze leaves, hardy.....	.10 to .25
* “ Weltoniensis , delicate light green foliage, light pink flowers.....	.10 to .25
“ Several other varieties.....	.10 to .75
Agapanthus umbellatus , blue African lily, summer bloomer, making large clumps.....	.25 to .50
Amarillis belladonna , light pink, delicately striped rose, summer.....	.25 to .85
“ formosissima , “Jacobean Lily,” velvety scarlet, spring.....	.25 to .50
“ Johnsoni , red, with white stripes, spring25 to .75
“ vittata , hybrid varieties, extra large flowers.....	.25 to .75
Arum sanctum , “black calla,”.....	.25 to .50
Calla , (Richardia,) “Lily of the Nile,” too well known to need description, (also dry bulbs).....	.10 to .25
“ spotted , (Richardia picta) leaves spotted silver....	.15 to .25
